

DON'T SMILE FOR THE CAMERAS, LINDS!

Starlet's teeth look like **they are rotting**

“The enamel is almost completely worn down. She is in desperate need of veneers”

Lindsay's chompers look like they belong to a 50-year-old, says a leading cosmetic dentist

TALK about a dental disaster! Lindsay Lohan shocked onlookers when she flashed her not-so-pearly teeth at an Oct. 12 L.A. promotional event and revealed a mouthful of stained and chipped chompers.

The mouthy “Mean Girls” star used to boast a shiny Hollywood smile just a couple of years back, but apparently her headline-making drinking, smoking and drug abuse have taken their toll.

“Lindsay is only 25, but her teeth look like they belong to a 50-year-old,” declared Dr. Michael Kosdon, a leading cosmetic dentist in Thousand Oaks, Calif., familiar with her appearance.

“They are stained yellow and brown from nicotine, and the enamel is almost completely worn down. She is in desperate need of veneers.”

The dentally deprived actress may also be headed for another close brush with the law.

LINDSAY HAD BEEN ORDERED to do 360 hours of community service as part of her probation in her infamous shoplifting case.

But she has reportedly been bounced from her community service program for multiple rule violations – including brazenly missing several scheduled sessions.

If that report is true, Lindsay has a good reason to smoke nervously. The no-nonsense judge has vowed that if the petulant performer violated any court order, she'd be thrown into the slammer.

ANDERSON COOPER HIRES EX-FLAME

And it's news to his live-in boyfriend!

CNN news anchor Anderson Cooper has secretly gone behind his boyfriend's back and hired a former flame to produce his talk show!

The silver-haired newsman recently invited ex-lover Terence Noonan to co-executive produce “Anderson” in the hope that he could boost the show's lagging ratings. But the decision has left his staff whispering about how it will affect his relationship with his boyfriend of two years, Manhattan bar owner Ben Maisani, 38, who had no idea what Anderson was up to!

“Everyone who works on ‘Anderson’ thinks it was crazy of him to hire this

guy,” a TV industry insider told The ENQUIRER. “Not that he isn't qualified for the job – he is. He was supervising producer on ‘Dr. Oz,’ which was beating the pants off of ‘Anderson’ in the ratings. So Anderson went and poached from the competition.

“BUT IT'S VERY UNSEEMLY TO HIRE a guy who was a former lover...especially one who still brags about it!”

Terence, a four-time Daytime Emmy winner who created the TLC show “DC Cupcakes,” was one of the judges of the “Mr. Gay USA” contest in Philadelphia last year. Insiders describe him as “very

flamboyant, openly gay and currently in a relationship.”

“His fling with Anderson took place years ago, long before Cooper met Ben,” noted the insider.

One way Terence, 41, hopes to increase ratings is to get his former boyfriend to “come out of the closet,” added the insider.

“But Anderson has steadfastly resisted.” When asked about his sexuality, Anderson, 44, said: “I just don't talk about my personal life. It's a decision I made a long time ago.”
